

MARCH

...It's St. Patrick's Day in Savannah!

Here in the "Hostess City," there's a lot of events surrounding St. Patrick's Day during the month of March! This year the parade will be held on Saturday, March 16th. If you decide to join in on the festivities, we hope you have a great time and stay safe! Be prepared by checking road closures, wearing comfortable clothes and shoes, and packing lots of snacks and water! Check out the "Visit Savannah" website for more detailed information on the parade and other festivities!

WELCOME ANNA MINICK, PT

We would like to extend a warm welcome to the newest member of our growing Coastal Pediatric Therapies team! Anna will be starting with us this month and we are super excited to have her on board! Anna graduated from Georgia College & State University with a Bachelor of Science in Psychology before receiving her Doctor of Physical Therapy degree from Wheeling Jesuit University in 2016. She developed a passion for treating patients with neurological conditions after completing a rotation on the Traumatic Brain Injury/Spinal Cord Injury Team at The Ohio State University. That passion continued to grow while working with patients recovering from strokes at The Institute for

Rehabilitation and Research at the Texas Medical Center. During a study abroad trip, Anna developed an interest in understanding and helping children with autism which is ultimately what led her to us.

Fun Facts about Anna: She was born and raised in Savannah. She enjoys walks down the Bluff in Isle of Hope with her dog (Zam), yoga and traveling.

Thank you for
choosing Coastal
Pediatric Therapies!

Check out our Facebook
page for more events and
frequent updates of
"what's going on around
the office!"

Help spread the word!

Over the years, many of you have referred family and friends to Coastal Pediatric Therapies - THANK YOU! We sincerely appreciate your support.

The Matthew Reardon Center Autism Conference 2019

Last Thursday and Friday, Coastal Pediatric Therapies proudly sponsored the Sensory Room, serving as a calm retreat during the hustle and bustle of the conference environment, for presenters/attendees (on the autism spectrum). Additionally, we sponsored a raffle to "Fund-A-Need" as a donation to the school's effort to expand their sensory equipment. We had a great time at this year's conference and were so excited to meet this year's keynote speaker, Dr. Temple Grandin (pictured above). Her presentation was exceptional!
