### WELCOMING TWO NEW THERAPISTS

We would like to extend a warm welcome to two of the newest members of our Coastal Pediatric Therapies team! Ms. Pat Roberts is joining our growing crew of speech therapists and Ms. Meghan Duffy will be joining our physical therapist team. We are super excited to have both of them! Mrs. Pat has worked in the school system for many years before deciding to switch settings and join

the wonderful world of private practice. Ms. Meghan comes to us with a passion for working with the pediatric population and wants to share her knowledge and expertise with more individuals in the community.

*Coastal Pediatric Therapies is excited to announce our new feeding program...*

**“Eat...Play...Grow.”**

Mrs. Becky and Mrs. Anna participated in extensive training in pediatric feeding and swallowing and are ready to help with those infants, toddlers, and even our older children with feeding difficulties. Whether it be “picky eaters,” refusing to eat, mealtime tantrums, difficulty swallowing or oral weakness, we are ready to get working. Our goals are to create positive feeding experiences and target skills that are important to the needs of the entire family.
